SEND OFF FOR BRYAN

Lincoln, Neb., March 5.—The Democratic State convention of Nebraska, which met here today to select delegates to the Denver convention, was turned into an out-and-out Bryan celebration. Mr. Bryan was present in person to address the convention and he received an ovation the like of which was never witnessed in this city. Every mention of the leader's name was received with vociferous applause and the resolutions endorsing his candidacy for the presidential nomination were passed amid the wildest enthusiasm. The Nebraska delegates will go to the national convention instructed to vote for Mr. Bryan, "first, last and all the time."

BIBLE CONFERENCE IN ATLANTA

Atlanta, Ga., March 5.—The annual session of the Tabernacle Bible Conference, which of late years has become one of the most notable assemblages of its kind held in the country, opened tonight and will continue for ten days. The programme provides for six services each day.
The list of speakers this year is the best ever arranged by the conference. Heading the list are such noted divines and evangelists as the Rev. Campbell Morgan of London, the Rev. A. C. Dixon of Chicago, Rev. Elmore Harris, D. D., president of the Toronto Bible School; the Rev. James Buchanan, D. D., of Edinburgh, Scotland; W. R. Moody, president and director of the Northfield schools, and Melvin E. Trotter, the well known rescue evangelist of Grand Rapids Mich.

COUPLE ATTACKED.

Husband Murdered and Wife May Not Survive.

Hawkinsville, Ga., March 5.—Warren Hart, a farmer, who lived near Empire, Ga., was killed while going to feed his stock, and his wife probably fatally injured while preparing breakfast in the kitchen of their home at an early hour Thursday by unknown persons. Robbery is believed to have been the motive. Both Hart and his wife were attacked with an ax. Hart's head being badly crushed. Excitement in the section is said to be at fever heat. Two negroes have been arrested charged with the crime.

COMPLETE DIVORCEMENT.

Substitute For Anti-Poolroom Bill Passes Almost Unanimously.

Frankfort, Ky., March 5.—Complete divorcement of poolrooms and race track bookmaking in Kentucky is made the municipalities committee substitute for the Wilhelm anti-pool room bill, which was passed by the senate by a vote of 34 to 4. The bill legalizes betting on race tracks, while providing drastic penalties for proprietors or patrons of pool-rooms, and forfeiture of office and imprisonment for officers who permit them to exist. Senator Jack Chinn led the fight for the bill passed on the ground that the extensive horse breeding interests of the state demand betting on race tracks be permitted. The bill now goes to the house.

DISCOUNT RATE REDUCED.

Improvement In Monetary Conditions Is the Cause of This.

London, March 5.—Owing to the improvement in monetary conditions the directors of the Bank of England have reduced the discount rate from 4 to 3 1/2 per cent. It was thought in some quarters no change would be made owing to South American gold requirements being less in a satisfactory position at Berlin and the delay in returning gold from New York, but with money more plentiful here, the reserves being over \$150,000,000, which it is presumed will be increased by shipments from Egypt and fresh arrivals from mine centers, the bank authorities thought it safe to reduce the rate. The money market had already discounted the change by lowering rates on three months' bills to 3 1/2 per cent.

NINE ARRESTED.

That Number of Alleged Anarchists Were Taken Into Custody.

New York, March 5.—That the activity of the police toward the suppression of anarchism is being continued to an unusual degree became known Wednesday on the arraignment of nine Italians arrested in a secret raid in a house on Huston street, where a meeting of alleged anarchists was believed to be in progress. In court the Italians were charged with disorderly conduct, but Magistrate Corrigan directed their release, as the detectives could not present any direct evidence against them. Detective Petrosini, who appeared them, said that when the raiders approached the Huston street house they heard voices in violent anarchist speech making. They forced their way into the room, and at the point of revolvers commanded the men to keep quiet, and took them to police headquarters.

CAPT. MANSFIELD RETIRED

Washington, D. C., March.—The name of a gallant sea fighter was removed from the active list of the United States navy today through the retirement for age of Captain Henry Buckingham Mansfield graduated from the naval academy in 1867. Prior to that he had attracted attention by his famous rip in the schooner yacht (America) in search of Confederate privateers. Later he added to his fame by commanding a launch from the frigate Mohican in the expedition which "cut out" and burned the piratical steamer Forward in Tecupan Bay, Mexico.

LAUNCH DERELECT DESTROYER

Washington, D. C., March 5.—Within the next week or two a derelict destroyer, the first vessel of her type built for the United States, will be launched at the Newport News shipyard. The vessel will be under the control of the revenue cutter service and will be used for blowing up the hulks of wrecked or water-logged derelicts that are a menace to navigation. It will cruise on the Atlantic coast from Maine to Florida, and, in addition to destroying derelicts, will render aid to disabled steamers and sailing craft wherever possible.

The new vessel is 204 feet long and 20 feet deep in the hold. Her motive power equipment will be two scotch boilers that will supply steam at high pressure to a triple-expansion engine of 1,500 horsepower. The vessel will have a single screw and will make a speed of about sixteen knots an hour. Her equipment will include the latest paraphernalia for blowing up hulks, and her coal capacity will allow her to be kept at sea for a considerable period.

TERRELL, DIFFERS.

Insists Delegates at Large May Chosen of Primary.

Austin, March 5.—Judge A. W. Terrell, gave out a statement to the press in which he claims that the state Democratic executive committee had not the authority to prevent the people from voting for delegates at large to the Denver convention. He cites the Bailey instruction elections that were held in several counties prior to the meeting of the legislature a year ago to instruct members of the legislature to vote against Bailey. He shows that these elections were held without advice from the state executive committee.

He also suggests this form of ballot to be used in case an election is held to select delegates at large, as follows: "I protest against sending any man as a delegate to the national convention who, being an officer of the government has for pay accepted service as attorney for public service corporations." The affirmative ballot uses the words: "I do not protest, etc."

In closing his communication Judge Terrell says that he will bow to the superior wisdom of the Waco meeting in case it decides otherwise and concludes thus: "Of one thing I may be sure, that 'interests' will spend much money to have their attorneys sent to the Denver convention. Commercialism invents new standards for honesty. It will spend none to establish them. 'Indiscretion' is a new name for official dishonesty."

The railroad commission has issued an order postponing its March docket, which will be called in April. All hearings therefore, set for March go over to next month.

The total disbursements of the state government and various institutions for the three months ending Feb. 29, as shown by treasury statement, aggregate \$3,820,784.

MURDER IS CHARGED.

Couple of Young Men at New Orleans Are Wanted at Rome, Ga.

New Orleans, March 5.—According to a telegram received here by the police, George Hamilton and Charles Weatherbee, young men, who were recently arrested at his city on the charge of smashing show windows, are wanted at Rome, Ga., to answer a murder charge. Following is the message, dated Rome, Ga.: "George Hamilton, alias W. Vail, and Charles Weatherbee, alias T. C. Felker, are wanted for murder. Large reward. Letter on the way. G. E. BERRY."

The arrest of Hamilton and Weatherbee came as the sensational climax to a series of daring robberies perpetrated in the heart of the business section by persons who selected jewelry windows as the scene of their crimes.

BEATEN AND ROBBED.

W. H. Eggleston Lured From Dallas to a Lonely Spot.

Dallas, March 5.—W. H. Eggleston, who resides in Oklahoma, a few miles above Denison, while in this city was lured by a man to a lonely spot on the International railway midway between here and Fort Worth. He was badly beaten and robbed of \$115. The party who treated Eggleston thus offered him \$2, that he might pay his fare either to Dallas or Fort Worth. He went to Fort Worth. He shortly came back to this city.

ANTI-BAILEY MEETING.

Resolutions Adopted Opposing Sena-
tor Bailey and Delegates Elec-
ted to Waco.

Pursuant to a call meeting of anti-
Bailey democrats was held at the
court house last night to elect dele-
gates to the anti-Bailey convention
at Waco Saturday. A. W. Buchanan
called the meeting to order and stated
its object. J. E. Butler was elected
chairman and Malcolm Carnes, sec-
retary. Judge J. W. Doremus, Judge
A. G. Board, G. S. Parker and A. W.
Buchanan were appointed a commit-
tee to draft resolutions and name a
list of delegates to Waco. The
reports were read and adopted and
the meeting adjourned.

Resolutions:

Mr. Chairman:—In the interest of
the democracy of Texas, and with-
out hatred or personal spleen toward
any man, we desire to present for
adoption by this meeting the follow-
ing resolutions:

First. That, as members of the
Democratic party in Brazos county
declare our fidelity and renew our al-
legiance to the following principles as
being timely and applicable to the
present political situation in this
state.

Second. That we are unalterably
opposed to our representatives and
senators in congress, as well as mem-
bers of the state legislature accept-
ing employment from trusts, com-
bines or public service corporations.

Third. That as to whether or not
our representative shall continue in
such service over the protest of a
great majority of the voters of the
democratic party of Texas, we re-
commend that the democracy of Tex-
as be given an opportunity to vote
on that question at the coming pri-
mary election.

Fourth. That we are opposed to
J. W. Bailey being selected to rep-
resent the democracy of this state at
the National Democratic Convention
to be held in Denver, Colorado, by
reason of his connection with the
trusts and public service corporations
which has been an obstacle to the
enforcement of our laws, and a detri-
ment to the democratic party in this
state. We regard that his own ad-
missions in the press and in public
addresses have been of such a nature
as to deprive him of the right to sit
in the councils of the party, or to
speak, advise or deliberate for the
party and that we heartily unite
with the loyal democrats of the state
in their effort to prevent his selec-
tion as a delegate from this state to
said convention.

Fifth. That we heartily endorse
the call for the proposed meeting to
be held at Waco, on March the 7th,
for the purpose of devising ways and
means to secure the election to the
National Convention, such delegates
whose fidelity and devotion to every
interest of this state cannot be ques-
tioned and to that end the chairman
of his meeting is requested to appoint
a committee of five to elect delegates
to attend said meeting.

Delegates:

The committee appointed to select
delegates to the Waco meeting sub-
mit the following names:

A. W. Buchanan, H. O. Jones, Ed
Hall, J. E. Butler, J. K. Parker, A.
Farley, J. T. Maloney, W. E. Saun-

A HOT TIME IN THE OLD TOWN.

Friends of Senator Bailey Protested
Against Proceedings of Anti-
Bailey Meeting Last Night
and Adopted Resolutions.

There was a lively time at the
court house last night incident to the
anti-Bailey meeting. Bailey men is-
sued a counter call signed by fifty-
seven men yesterday afternoon, and
were present in force at the meeting
and attempted to obtain recognition
from the chair. It having been ex-
plained that the first call issued con-
templated a strictly anti-Bailey meet-
ing for the specific purpose of elect-
ing delegates to the Waco meeting,
the chair declined to recognize any
anti-Bailey man and the anti-Bailey
men carried on their convention in
disregard of the vociferous protests
which immediately ensued. Fervid
addresses were made by J. R. Astin
and W. C. Davis and J. R. Astin
was elected chairman of a counter
meeting which then and there ensued.
Mr. Astin mounting a chair in the
hall.

A. J. Buchanan, W. E. Astin, S. H.
Dunlap, W. C. Davis and Jno. A.
Moore, Jr., were appointed a commit-
tee on resolutions. These were adopt-
ed condemning the meeting held and
the refusal of the anti-Bailey men
to allow them to participate or to
make a test vote, which, as was ex-
plained by Mr. A. W. Buchanan at
the opening was not contemplated in
the call. There were seventy
names enrolled in support of the
Bailey resolutions, the Bailey men be-
ing in the majority in the house.

There were probably 125 or 150 men
in attendance on the meetings last
night when both factions were there
and actively engaged in the dual pro-
ceedings. No effort was made to as-
certain the number of anti-Bailey men
present. The Eagle was not sup-
plied last night with a copy of the
official proceedings of the Bailey men,
but will publish same if provided
with a copy, in a later issue.

Notwithstanding the exciting char-
acter of the meeting, good feeling
prevailed on both sides, and nobody
appeared to lose temper.

Palestine is one of the few impor-
tant towns in the state that will not
send a delegation to the anti-Bailey
meeting at Waco next Saturday. Pal-
estine thinks quite vigorously on
this matter, but has been a little slow
to act.—Palestine Herald.

The fact that Palestine is Govern-
or Campbell's home has nothing to
do with it, of course.

THE TROLLEY LINE TO COLLEGE.

Now, wouldn't it be fine
If we had a trolley line
From our beautiful city to College,
So every Bryan boy
Could go there to employ
Every day in acquiring useful knowl-
edge.

And the Bryan girls could go
Any time to see the show
When the College boys appear on
dress parade.
Or when they show their skill
In military drill,
On the grassy flower-bespangled es-
planade.

And the College boys would come
To see the girls at home—
How jolly it would be! Only think!
They would take them every day
Where the soda fountains play,
And at evening to the opera house or
rink.

Then let us all combine
To build the trolley line.
To such a cause we enrich ourselves
by giving.
It will surely be a go.
If we all put up the change
And make our lives the better worth
the living.

FIRE DRILL SUCCESS.

Repetition of Ohio Disaster Is
Narrowly Averted.

Grand Rapids, Mich., March 5.—
Grand Rapids was threatened Thurs-
day with a repetition of Cleveland's
tragedy on even a larger scale. Fire
broke out in the laboratory of the
central high school while 1,200 pupils
were in the midst of their morning
work. The signal for the fire drill
was given and the children marched
out in perfect order. The building
was emptied in two and one-half min-
utes. The central high school was
overcrowded and the stairways, it is
said, are inadequate, and fears of a
possible panic have long been felt, but
the fire drill proved effective. The
fire did comparatively little damage.

PRESIDENT APPEALED TO.

Actress Asks Him to Assist Her In
Recovering Some Jewelry.

New York, March 5.—Miss E. L.
Cavanaugh, an actress, has written
President Roosevelt asking him to
assist her in recovering jewelry and
other property valued at \$15,000 which
she says she lost while on government
property. Two years ago, she says,
she was run down by an automobile
while passing through Mall street and
so badly injured that she will always
be a cripple. While she lay uncon-
scious in the street, she says she was
robbed of \$8,000 worth of jewelry and
checks for trunks which contained
property worth another \$7,000.

Mail street runs from Broadway to
Park Row immediately behind the gen-
eral postoffice and is government
property, having been laid for the
purpose of facilitating the handling of
mails between mail wagons and the
postoffice. The local police have
failed to find her property and Miss
Cavanaugh thinks the government
should assist.

ATTITUDE IS FIRM.

Japan Has No Idea, However, of Exer-
cising Force In Matter.

Tokio, March 5.—The Japanese gov-
ernment, while maintaining the firm-
est attitude concerning the seizure of
the ship Tatsui by the Chinese at
Macao Feb. 7, entertains no idea of
resorting to force for the recovery of
the vessel. Possibly in the event that
China delays action Japan will appeal
to Great Britain or America to act as
intermediary in the matter. The fore-
ign office has assured an Associated
Press correspondent that Japan will
never declare war on account of such
a minor incident. Nevertheless it is
believed proper that Japanese vessels
should visit the neighborhood of the
imprisoned ship.

Lord Sues Lilley.

Washington, March 5.—Suit has
been instituted in the supreme court
of the District of Columbia by Frank
B. Lord, formerly of the New York
Sun, against Congressman Lilley of
Connecticut for damages amounting
to \$40,000, which Mr. Lord claims to
have sustained through statements
made against him by Mr. Lilley in con-
nection with recent charges that un-
due influence had been used in behalf
of an electric boat company.

No Change In Scale.

Nashville, March 5.—The Nashville,
Chattanooga and St. Louis Railroad
company announces it has rescinded
the recent order reducing salaries of
all employees receiving more than \$50
per month. The salary scale stands
unchanged.

WRITTEN BY TRUSTS.

Congressman Hitchcock Makes This
Statement in the House.

Washington, March 5.—The charge
was made on the floor of the house
of representatives by Mr. Hitchcock
of Nebraska that the committee on
ways and means had been a party,
either knowingly or in ignorance, "to
gigantic schemes of plunder." He was
speaking on the tariff question with
special reference to the duty on wood
pulp, although he referred to other
schedules. He declared that the pa-
per "trust" wrote in the "Dingley
bill the paper schedule; that the lum-
ber trust wrote the steel schedule;
the steel trust the steel schedule, and
the other trusts other schedules affect-
ing their interests.

Smith Bill Favored.

Washington, March 5.—James D.
Cody, representing the Illinois and
Wisconsin Coal Dealers' association,
and Milton E. Robinson, a coal dealer
of Chicago, appeared before the house
committee on interstate and foreign
commerce and asked for a favorable
report on the bill introduced by Mr.
Smith of Texas to compel railroad
companies to furnish to interstate
shippers as many freight cars as they
may require.

BABY THOMAS HARRINGTON.

Dr. and Mrs. H. H. Harrington of the A. and M. College have the deep sympathy of many friends in the loss of their baby son, little John Thomas Harrington, whose death occurred at their home at College Station yesterday afternoon. The little one was 1 year, 7 months and 6 days old. The funeral service will be held at the home this morning at 10 o'clock, and interment at the City Cemetery will follow upon arrival in Bryan. The sweet and sprightly child was given the most tender care and everything possible done to save his little life, but all to no purpose. The hearts of parents and other loved ones are bowed down with unuttered sorrow. The little form will be laid to rest beside other fair young children taken from their home to be transplanted in Heaven like immortal flowers. Jewels fair are they in the keeping of the Heavenly Father, and if earth be sadder, heaven is brighter for their presence.

GRAND JURY HAS ADJOURNED.

10 FELONIES, 1 MISDEMEANOR. Body Was in Session Four Days—Makes Various Recommendations to the Court in Conclusion.

The Brazos County Grand Jury adjourned yesterday evening after being in session four days, which so far as the writer remembers, breaks the record of many years for a short term, and is most creditable to the members of the grand jury, the district attorney, Mr. J. F. Lane, and the county attorney, Mr. Lamar Bettea, in the preparation of papers from the lower court.

The grand jury made the following written report:

THE STATE OF TEXAS, County of Brazos.

of the District Court of Brazos County, Texas, March Term, A. D. 1908.

To the Honorable J. C. Scott, Judge of the District Court of Brazos County, Texas:

We the grand jury duly selected and empaneled, sworn and charged at this term of the said District Court beg leave to make the following report, to-wit:

We have made diligent inquiry into all violations of the law in this county and as a result of our investigations and work we have returned into your honorable court ten felonies and one misdemeanor.

We beg leave, to recommend that your honor appoint a finance committee to audit the books of the county, said committee to be composed of three members.

We also beg leave to report that some complaint has come to us that the physicians, that is some of them, in this county are failing to make reports to the county clerk of this county of the births of children throughout the county and we recommend that the county attorney of this county proceed to have this law enforced and that the said physicians throughout the county be required to comply with the laws as they now stand on the Statute books.

We also beg leave to report further that the Commissioner's Court have all road overseers make regular and complete reports to said commissioner's court as the law demands.

We have made an investigation of the jail and surrounding premises and beg leave to report that we have found the same in good condition with the exception of the closets in the rear of the jail and we here now recommend that the commissioner's court of this county take the necessary steps to place the same in a sanitary condition.

We also recommend that the commissioner's court of this county take immediate steps to have the grass on the inside of the court house yard mowed and the yard and premises otherwise kept in better condition.

Having performed our duty to the best of our ability we respectfully ask your honor to discharge us from further duty.

Respectfully submitted,

C. S. JONES,

Foreman.

HEATING BOILER BLOWUP

Some Attribute the Calamity
to This Cause.

JANITOR IS IN JEOPARDY.

Feeling Against Herter, Who Lost His
Three Children and Is Bowed With
Grief, Is So Intense It Is Necessary
to Guard the Man.

Cleveland, O., March 5.—Village
firemen and volunteer assistants
probed among the smoldering ruins of
Lakeview school Thursday seeking
bodies. Up to noon 168 had been re-
covered.

County Coroner Burke began an in-
vestigation of the case leading up to
the terrible calamity. Collinwood
officials are also investigating. It is
generally admitted the school building
was of approved fireproof construction,
and that the awful affair could
have been averted is looked at from
this standpoint.

Also it is now believed fire did not
have its origin in the furnace, but that
it resulted from the explosion of the
heating boiler. From testimony so far
adduced, the fire must have started
under the stairway leading from the
basement to the first floor of the
school building. Janitor Herter stoutly
maintains there was no rubbish or
waste there. Officials are applying
their efforts to obtain the names of
the three girls who are reported to
have been in the basement at the time
the fire started and who are said by
the janitor to have first notified him
of the fire, which later developed into
such a death-dealing instrument. Much
depends, it is thought, upon the stories
these girls may be able to tell. While
the janitor has practically cleared him-
self, upon own testimony, yet feeling
against him is high at Collinwood.
One teacher, crazed by grief, made an
attempt upon the life of Herter, but
was restrained with difficulty. Herter
is being guarded by the police. Herter
is broken down with grief over the
loss of his own three children in the
fire.

STRAUS TO VISIT TEXAS.

Secretary of Commerce and Labor
Will Meet Commercial Bodies.

Washington, March 5.—Secretary
Strauss of the department of com-
merce and labor will visit Texas next
fall to meet various Texas commercial
bodies for discussion of the best meth-
ods to extend export trade from Texas.
The secretary announced his intention
to Representative Gregg and Colonel
Gresham Thursday. They extended
to him an invitation from the Galves-
ton chamber of commerce to visit
Texas this spring.

DECIDED DISPARITY.

Bridegroom Is Twenty-Seven Years
Older Than Lady He Marries.

Effington, Ill., March 5.—Lieutenant
Governor Lawrence Y. Sherman was
married in Montrose village, near Ef-
fingham, to Miss Mary Estelle Spitzer,
twenty-two years old, whom he has
known since she was a child, he be-
ing twenty-seven years her senior.
Mr. and Mrs. Sherman are on their
way to Colorado Springs, El Paso,
old Mexico and to Hawaii.

ROOMING HOUSE RAIDED.

Trunk Believed to Contain Anarchistic
Literature Is Taken.

Chicago, March 5.—Continuing their
efforts to connect the attempted as-
sassination of Chief of Police Ship-
py with an anarchist plot, the police
Thursday raided a rooming house at
76 Johnson street and seized a trunk
full of property belonging to Harry
Goldstein, one of the alleged anarch-
ists now under arrest. The trunk,
which is believed by the police to con-
tain anarchistic literature, was taken
to the Maxwell street police station.

Released on Bond.

El Paso, March 5.—Wayne Brazle
was released under \$10,000 bond after
preliminary hearing at Las Cruces be-
fore Justice Lopez on charge of mur-
dering Pat Garrett. His bondsmen
are cattlemen of the territory and mer-
chants of Las Cruces.

Brazilian Bank Closes.

Rio de Janeiro, March 5.—The Union
Bank of Commerce of this city has
closed its doors. Other banking insti-
tutions will be seriously affected.
This bank was the principal dep-
ository at Rio de Janeiro and carried
a large number of small accounts.

Is Agreed Upon.

Washington, March 5.—The agricul-
tural appropriation bill has been
agreed upon by the house committee
on agriculture. The bill carries a total
of \$11,431,416, which is a reduction of
\$1,420,431,415 from the departmental
estimates, and an excess of \$1,984,-
056 over the amount appropriated for
the current fiscal year.

Aged Auditor Passes Away.

Chattanooga, Tenn., March 5.—
George M. Chapman, auditor of the
Chattanooga Southern railroad, died
Wednesday night here, aged eighty
years.

Opposed by Heyburn.

Washington, March 5.—Senator Hey-
burn, Republican, addressed the sen-
ate Wednesday in opposition to the
Aldrich currency bill.

Free Sunday Breakfasts.

Philadelphia, March 5.—Each Sun-
day morning Second Presbyterian
church is serving breakfast to many
worthy poor.

Mortar Tossers.

There is no hod carrying in Japan.
The native builders have a method of
transporting mortar which makes it
seem more like play than work—to the
onlooker. The mortar is mixed in a
pile in the street. One man makes
this up into balls of about six pounds
weight, which he tosses to a man who
stands on a ladder midway between
the roof and the ground. This man
definitely catches the ball and tosses it up
to a man who stands on the roof.—
San Francisco Chronicle.

An Oversight.

"I want to pay this bill," he said at
the hotel bar, "but I think you have
made a slight error here in my favor.
I've been reading over the extras, and
I cannot find that you have charged
anything for telling me you thought it
might rain."

Probably.

"The idea!" exclaimed Mrs. Kadley.
"I wonder why that woman is watch-
ing me so?"
"Probably," replied her husband,
"she's trying to find out why you are
starting at her."—Exchange.
